Club Attestation Form

Saskatchewan Athletics is committed to safe sport for all members and has been working with the National task force, Back on Track, to develop return to training guidelines. Therefore, **we will be following the return to training guidelines developed by Saskatchewan Athletics Return to Sport.** We have also highlighted any additional or differing guidelines that have been set specifically for the Province of Saskatchewan. These guidelines should be used after making the personal decision that you are comfortable to return to training.

I, _____, a signing officer of _____ Club have read and AGREE that our club will follow the “Saskatchewan Athletics Return to Sport” and ensure each member sign the updated waiver prior to resuming training with the club. Our club will ensure to keep our club members updated with any recent changes to the guidelines as posted at Saskatchewan Athletics. I will also ensure that our club and its members are informed of any updates to other potential Saskatchewan Athletics policies as required.
