

**2018 U16 (Midget) & U18 (Youth) Western Canadian Tri Province Championship
Trial Information
June 9-10, 2018**

What is Western Canadian Tri Province Championship?

The Western Canadian Tri Province Championship is a track & field meet that features teams from Manitoba, Saskatchewan and Alberta. Saskatchewan Athletics sends two teams that target athletes born in 2003/2004 (U16-Midget) and 2001/2002 (U18-Youth). Both the U16 (Midget) and U18 (Youth) teams will be made up of 48 athletes and 6 coaches. The purpose of this competition is to provide an out of province competitive opportunity for the province's top athletes and to engage our younger athletes in the track & field performance pathway.

How to get selected for the team?

Trials for the U16 (Midget) & U18 (Youth) Tri Province team are June 9 & 10 at the Saskatchewan Athletics Championships in Regina. Any athletes interested in trying for a spot on the team must compete at trials and fill out the *Intent to Participate* form while at trials. Sask Excellence athletes are already selected for the team, therefore not all 48 spots are open. Selection effort will also assume a team split of 24 female & 24 male athletes. Performance times and distances from June 9 & 10 will be considered for all athletes that hand in their *Intent to Participate* form at trials. Please note that handing in the *Intent to Participate* form does not guarantee a spot on the team.

Athletes that are selected for the team:

Any athletes selected for the team will be notified through email by June 18, 2018. Athletes selected must have a current Saskatchewan Athletics membership and pay the team fee of \$260.00 by July 9, 2018. If selected for the team, more details about the trip will be sent to you through email.
